

Business Utilities Uk

A free service - Take the hard work out of finding the best electricity and gas contracts

Why use Business Utilities Uk?

We do the work for you

Our agents take on the leg-work on your behalf - going to market to find a range of energy provider options from which you can make a choice.

Peace of mind

We are so confident of our service that, unlike many other brokers, we do not ask you to enter into an agreement with Business Energy Solutions. If we don't deliver you are free to use whoever you wish to source your energy requirements.

A track record

Business Utilities Uk has found the right utilities deals for over 5,000 UK companies - and can do the same for your company.

Business Utilities Uk

Satisfied customers - the acid test

Business people agree that the true test of a company's offering is how well it retains its customers. Business Utilities Uk has a customer retention rate of over 99% per year.

Once you have experienced the service we provide your company with, we know that you too will want to continue enjoying it.

All you need to start is your supply number which can be found on any bill and let us take it from there.....

Ongoing service

Smooth transition

Once you have decided which option you will take, Business Utilities Uk manages the transition to your **new electricity or gas provider** and keeps you informed every step of the way - making the changeover completely seamless for everyone in your organisation.

Answering queries

If you have questions about your billing at any time, we can help resolve them by working with your supplier's customer service department. We have well-established relationships that you can benefit from.

Contract renewal

You no longer need to worry about missing the window of opportunity to look at **changing energy suppliers** at the end of your contract. Your dedicated account manager will contact you when the time approaches for you to renew your contracts - taking one more worry off your plate.
